## **Statement on Resinoid Engineering Corporation's use of (or lack of use of) "Conflict Minerals" as defined by the SEC per the Dodd-Frank Wall Street Reform and Consumer Protection Act.**

All phenolic molding compounds manufactured by Resinoid Engineering Corporation do not contain any "Conflict Minerals" as defined by the SEC per the Dodd-Frank Wall Street Reform and Consumer Protection Act. Resinoid does not use tantalum, tin, tungsten or gold in our raw material stream for the production of our phenolic molding compounds. Furthermore, Resinoid does not see it necessary to ever introduce such materials into our compounds in the future.

If you have any questions or need further clarification, please contact our Materials Division in Skokie, IL USA at (847) 673-1050.
